

Second AGATA-GRETINA tracking arrays collaboration meeting Paris, 4th-6th April 2018

FIRST CIRCULAR

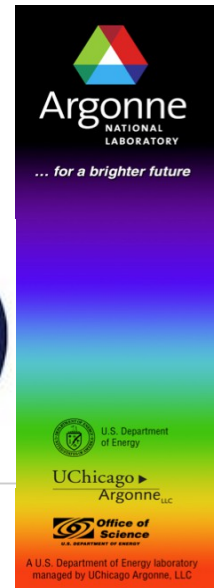

The second AGATA-GRETINA collaboration meeting will be held in Paris from the 4th to the 6th of April 2018.

The meeting is jointly organized by Argonne National Laboratory (ANL, USA) and CSNSM Orsay (CNRS, France). The scientific program will be devoted to discussions about common challenges related to tracking arrays, including the physics, technical details and analysis of data from these arrays.

Save the date!

A web site will be available soon for further informations and registration

Organizing and Advisory committee :

- A. Boston, Liverpool University, UK.
- M.P. Carpenter, ANL, USA.
- A. Gadea, IFIC-Valencia, Spain.
- A. Korichi (co-chair) CSNSM-CNRS, France.
- T. Lauritsen (co-chair) ANL, USA.
- A.O. Macchiavelli, LBNL, USA.
- D. Radford, ORNL, USA.
- O. Stezowski, IPNL-CNRS, France.
- D. Weisshaar, NSCL, USA.
