

Second Workshop of the Nuclear Spectroscopy Instrumentation Network NUSPIN 2017

Associated Events:

**Annual Open Meeting of the AGATA Collaboration
Meetings of the NUSPIN Working Groups and Scientific Committee**

GSI Darmstadt, June 26th – 29th 2017

SECOND CIRCULAR

The Second Workshop of the Nuclear Spectroscopy Instrumentation Network of ENSAR2, NUSPIN 2017, will take place at GSI Darmstadt on June 26th – 29th 2017, and will host the AGATA Collaboration Meeting.

SCOPE AND TOPICS

The Nuclear Spectroscopy Instrumentation Network (NuSpIn), in the framework of ENSAR2 (HORIZON2020), promotes the mutual coordination between the research groups involved in high-resolution gamma-ray spectroscopy. The objective is to strengthen the nuclear structure community by the exchange and transfer of knowledge and the enhancement of synergies between the different collaborations active in the European Infrastructure Facilities.

The aim of the NUSPIN 2017 Workshop is to present the status of the

instrumentation for nuclear structure research at the European facilities and to discuss the perspectives. Sessions will be dedicated to the presentation of recent nuclear structure experimental as well as theoretical studies, the latest results obtained at the gamma-ray facilities in Europe, the preparation status of the RIB facilities, and the discussion of the challenges of future research, the development of new instrumentation and technical developments with gamma-ray techniques and particle detectors.

Review talks are planned with ample time scheduled for discussion. These reviews will be followed by shorter contributions selected from the submitted abstracts. **The deadline for abstract submission is 29th April 2017.**

The list of speakers includes:

N. Alahari (GANIL)*, A. Algora (Valencia), D. Bettoni (LNL), M. Borge (CERN-ISOLDE), C.M. Campbel (Berkeley), L. Corragio (Napoli), F. Crespi (Milano), J. Dudouet (Lyon), L. Gaffney (CERN), P. Giubellino (GSI/FAIR), P. Greenless (Jyvaskyla), M. Heine (Strasbourg), M. Lebois (Orsay), A. Maj (Kraków), G. Martinez-Pinedo (Darmstadt), C. Michelagnoli(ILL), F. Nowacki (Strasbourg), T. Otsuka (Tokio), Zs. Podolyak (Surrey) , R. Raabe (Lueven), J-M. Regis (Köln), T. Rodriguez (Madrid), G. Sulliman (ELI-NP)

* not confirmed

Meetings of the NUSPIN Scientific Committee and Working Groups

The afternoon of Wednesday 28th June will be devoted to the meetings of the NUSPIN Scientific Committee and of the Working Groups coordinating the instrumentation developments.

Annual Meeting of the AGATA Collaboration and AGATA Collaboration Council Meeting

Thursday 29th June will be dedicated to the Annual Meeting of the AGATA Collaboration which includes presentations on the status of the campaigns, the perspectives, and the status of the analysis of the different experiments. The meeting will be followed by the meeting of the AGATA Collaboration Council meeting (closed session).

WORKSHOP VENUE

The GSI/FAIR facility

The Workshop will take place at GSI Darmstadt:

<https://www.gsi.de/en/start/news.htm>

GSI Helmholtzzentrum für Schwerionenforschung GmbH is a Research Institute which operates a worldwide unique large-scale accelerator facility for heavy ions and currently employs about 1100 people. In addition approximately 1000 researchers from universities and other research institutes around the world use the facility for their experiments.

GSI is a limited liability company (Ger. GmbH). Associates are the German Federal Government (90 per cent), the State of Hessen (8 per cent), the State of Rhineland-Palatinate (1 per cent) and the Free State of Thuringia (1 per cent). They are represented in the board of directors by the Federal Ministry of Education and Research and the respective Ministries. GSI is a member of the Helmholtz Association, Germany's largest research organisation.

Currently the international accelerator center called FAIR (Facility for Antiproton and Ion Research) – one of the largest research projects in the world – is being built adjacent to GSI.

REGISTRATION

Participants are invited to register using the registration form available in the website from **17th February to 16th June 2017**.

For formal reasons we are obliged to collect a workshop fee of **50 Euro** per participant. The fee will be collected at the workshop desk upon the arrival.

At the same time, the financial support for travel/accommodation will be available on request for researchers wishing to attend the Workshop. Please contact us individually about this issue.

ABSTRACT SUBMISSION

Review talks will be followed by shorter contributions selected from the submitted abstracts.

The deadline for abstract submission is 29th April 2017. Information regarding the abstract selection will be notified to the contributors by 15th May 2017.

SOCIAL EVENTS

On Monday evening the welcome reception will take place at GSI.

The city Church of Darmstadt

Tuesday 27th June late afternoon will be devoted to social events including the organ concert “Orgelmatinée” in the city Church of Darmstadt

<http://www.darmstaedterkantorei.de/> and the workshop dinner at the Sitte restaurant (www.restaurant-sitte.de) located in the walking distance from the Church. More details on the social events will be specified in the next circular.

IMPORTANT DATES

- Registration: from 17th February to 16th June 2017
- Deadline for abstract submission: 29th April 2017
- Contributors notification: 15th May 2017

ACCOMMODATION

A list of hotels in Darmstadt can be found on the web site of the workshop:
<http://indico.gsi.de/event/nuspin2017>

CORRESPONDENCE

Please address all correspondence by electronic mail to:
s.saha@gsi.de or m.gorska@gsi.de
